Havelhöhe

8.-9. März 2012, 9.00-21.30

Current state of research

Conference location: GK Havelhöhe,
Kladower Damm 221,
14089 Berlin

1. BASIC RESEARCH

- a) Mistletoe research
- b) Medicinal products research
- c) Salutogenesis research
- d) Rhythm research
- e) Epistemological research

2. CLINICAL RESEARCH

- a. Qualitative research
 - i. Studies using narrative and hermeneutical methodology
 - ii. Studies using phenomenological methodology
 - iii. Studies using goetheanistic methodology
- b. Cognition based medicine
 - i. Single case analyses (TCR)
 - ii. Cohort analyses
 - iii. CBM methodology
- c. Health services research
 - i. Pharmacovigilance/ medicinal products safety
 - ii. Epidemiological studies
 - iii. Outcome studies/pragmatic trials
 - iv. Cost effectiveness studies/ benefit assessment
- d. Intervention studies
 - i. RCTs
 - ii. Comparative cohort studies

3. Verification of anthroposophic medicine research approach:

- a. Presentation of conventional research results (by other researchers) which verify the research results of spiritual science

10. März 2011, 9.00-16.00

Anthroposophic medicine in scientific discourse

An integrative approach and its evidence

Conference location: Langenbeck-Virchow-Haus,
Luisenstr. 58/59, 10177 Berlin

With this event, anthroposophic medicine would like to enter into scientific discourse with respected experts and representatives from conventional medicine, and in doing so debate the current state and the research results of the last ten years. The aim of the event is to reflect critically on anthroposophic medicine and its integrative systemic approach.

Panel of experts:

Prof. Dr. V. Diehl, Prof. Dr. M. Fischer, Prof. Dr. E. Hahn,
Prof. Dr. A. Michalsen

Panel from anthroposophic medicine:

Dr. F. Edelhäuser, Dr. M. Glöckler, Prof. Dr. P. Heusser, Dr.
H. Kiene, Dr. G. Kienle, PD Dr. H. Matthes

Moderation

Prof. Dr. P. Matthiessen

Programme, 10 March 2012, Langenbeck-Virchow Haus

- 9:00 Welcome
M. Glöckler / A. Michalsen
- 9:15 Current state of academic research
in anthroposophic medicine
H. Kiene
- 9:50 Anthroposophic medicine as individualised medicine
P. Heusser
- 10:20 Discussion/panel discussion
E. Hahn
- 10:50 Coffee break
- 11:15 The concept of the organism using the example
of mistletoe therapy in oncology
G. Kienle
- 11:45 Discussion/panel discussion
V. Diehl
- 12:15 The systemic therapeutic approach of
anthroposophic medicine using the example of
health services research
H. Matthes
- 12:45 Discussion/panel discussion
A. Michalsen
- 13:15 Lunch break
- 14:15 Student- and patient-oriented medical training in
integrative and anthroposophic medicine
F. Edelhäuser
- 14:45 Discussion/panel discussion
M. Fischer
- 15:15 Plenary debate
P. Matthiessen
- 15:45 Summary/outlook
M. Glöckler
- 16:00 End of the event; followed by press conference

After each introductory presentation there will be an extensive discussion between the two panels.
